

Lesson 3 Worksheet 1

1. Here is the Python code for a Pytch project:

The screenshot shows a Pytch project editor interface. At the top, a yellow header bar contains the text "when green flag clicked" and a dropdown menu icon. Below this, a code editor displays the following Python code:

```
1 self.go_to_xy(-100,100)
2 self.set_size(0.4)
3 self.say_for_seconds(random.randint(1,5),1)
4
5 while True:
6     self.glide_to_xy(-240,-180,3)
7     self.glide_to_xy(240,180,3)
```

Below the code editor, there is a preview window showing a yellow star character with arms and legs, standing on a blue base. The preview window is titled "Star" and has a dropdown menu icon in the top right corner.

Write out *exactly* what you think will happen when you click the green “Run” button.
